

# A Dissertation on Suspended Respiration, from Drowning, Hanging, and Suffocation,

This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated.1791 Excerpt: ...

INTRODUCTION all the exertions of human skill, there is, perhaps, none which affords us more solid and lasting gratification, than the restoring to life those who are apparently dead; none, surely, more eminently shews the dignity and fruitfulness of Philosophy, or more clearly evinces the benefits that may be derived from the well-directed efforts of human understanding. This art (if such it might be called in so rude a condition) was, in former ages, guided chiefly by blind prejudice; the knowledge of the animal economy, and of life, was not sufficiently extended, to afford maxims of any value to the practitioner; and the causes of death were too incorrectly marked, to shew, with any degree of precision, the means of recovery. Accidental recoveries had, indeed, shewn that it was practicable; but Physiological science was unable to explain or prescribe the mode. It was reserved for the eighteenth century, to exhibit, on a large scale, any practical specimens of this mode of benevolence, and to approach, in some respect, to the scientific solution of those principles by which it must be guided. Many societies were formed on the continent of Europe, for the purpose of promoting this kind of knowledge; and their reports afforded the most mortifying reply to those who had declaimed with such triumph on the vanity of natural science, and the impotence of human art. Their multiplied successes, in so untried a path, awakened a general ardour on this subject, which was not a little fostered by a cotemporary revolution in natural knowledge: I allude to the philosophy of elastic fluids, which has, during the last part of the present century,

received such incredible accessions. The doctrine of airs was so intimately connected with the subject of...
