

Basics Fashion Design: Fashion Drawing presents a fresh perspective on the basic principles and practices of contemporary drawing styles, applied to a fashion context. The title takes a practical approach in describing the process of fashion drawing, offering advice on the selection of materials and media, through to their different uses and applications in sketchbooks and artwork presentations. It also considers the theory and history of fashion drawing, discussing the stylized proportions of the fashion figure, and the range of styles used by contemporary designers; from quick sketches to sophisticated digital pieces.
