

What is the Castle in the Sky? A fairy-tale and a learning pack. You can read and do activities at the end of each chapter. [Or just skip the activities and keep reading, ha!]

Who is it for? Little people. I mean, kids. Anyone between 8-15 years old.

Whats the story? Princess Aimeeeee [thats a special spelling of the name Aimee] lives in a small castle on the edge of a mysterious forest. Her dad is in prison, her mum works long hours in the nearby town. Whats a bored, little girl [well, shes around eleven years old] to do? One day, in the cold of winter, Aimeeee hears laughter coming from the forest, and despite her mums warning, decides to investigate. Big mistake. Before she knows it, Aimeeee is in deep, deep trouble. You see, there are the Pink Robots chasing her, the strange man with the moon-shaped face, the Evil Uncle and his loyal warrior, the stupid Prince Useless and his poor servant, and the huge tree that climbs all the way to the clouds... And worst of all, theres the castle in the sky...the castle of Daisy the Witch. Will Aimeeee ever make it home again?
