

Cassells New Latin Dictionary: Latin English - English Latin

Since its first appearance over a century ago, Cassells Latin Dictionary has remained true to the excellent principles of its originators and constant in its appeal to scholars. The Latin-English section has always been distinguished by simplicity of structure and lack of over-elaboration, while the English-Latin section, in the words of the first compiler, aimed to present a Latin equivalent for every English word and phrase now in current use.
