

Everyday English is a four-book series designed to develop the English language skills of young adults. Students work with content-based unit material with the help of characters representative of a variety of ages and ethnic backgrounds. Dialogues, illustrations, critical-thinking exercises, word games, interesting readings, all enhance the four-skills learning process. Student Books 1 and 2 for the beginning levels cover content topics such as Health, Money, Transportation, Family, Clothing, and Apartment Hunting. Student Books 3 and 4 for the advanced beginning to the low intermediate levels cover units on Feelings and Emotions, Food, Community, After School, and The Telephone. The Teachers Manual contains lesson plans, answer keys, and follow-up enrichment activities.
