

## Proceedings of the Eighth IEEE Symposium on Computer-Based Medical Systems: June 9-10, 1995 Lubbock, Texas (Ieee Symposium on Computer-Based Medical Systems//Proceedings)

Teleradiology and telemedicine receive particular attention as well as more usual areas such as image analysis, medical informatics, design, methodology, signal processing, data acquisition, and fuzzy and neural systems. Among specific topics of the 55 papers are the validation of a large medical da
