

A Twisted Thread

Along the border of Canada in the American Midwest, there are towns that consider themselves unspoiled Americana in their isolation. That all changes for the town of Walleye when a teenage girl sets off to a neighboring farm on her bicycle and is never seen alive again. Desirae Buonaviti arrives at this terrified town just as the disappearance and following events are tearing the town apart. Everyone is suspected, and in that new climate of suspicion every secret and hidden agenda breaks through the facade. The tangle of personalities, suspicions, and latent violence quickly ensnares her and she is forced to deal with her own demons even as she works to uncover the truth.
