

Entering the Kingdom

In seeking for pleasures here and rewards hereafter men have destroyed (in their hearts) the Temple of Righteousness, and have wandered from the Kingdom of Heaven. By ceasing to seek for earthly pleasures and heavenly rewards, the Temple of Righteousness is restored and the Kingdom of Heaven is found. This truth is for those who are ready to receive it; and this book also is for those whose souls have been prepared for the acceptance of its teaching. Born in Leicester, England, into a working-class family, Allen was the elder of two brothers. His mother could neither read nor write while his father, William, was a factory knitter. In 1879 following a downturn in the textile trade of central England, Allens father traveled alone to America to find work and establish a new home for the family. Within two days of arriving his father was pronounced dead at New York City Hospital, believed to be a case of robbery and murder. At age fifteen, with the family now facing economic disaster, Allen was forced to leave school and find work. For much of the 1890s, Allen worked as a private secretary and stationer in several British manufacturing firms. In 1893 Allen moved to London where he met Lily Louisa Oram who he then wed in 1895. In 1898 Allen found an occupation in which he could showcase his spiritual and social interests as a writer for the magazine *The Herald of the Golden Age*. At this time, Allen entered a creative period where he then published his first book of many books, *From Poverty to Power* (1901). In 1902 Allen began to publish his own spiritual magazine, *The Light of Reason*, later retitled *The Epoch*. In 1902 Allen published his third and most famous book *As a Man Thinketh*. Loosely based on the biblical proverb, *As a man thinketh in his heart, so is he*, the small work eventually became read around the world and brought Allen posthumous fame as one of the

pioneering figures of modern inspirational thought. The books minor audience allowed Allen to quit his secretarial work and pursue his writing and editing career. In 1903, the Allen family retired to the town of Ilfracombe where Allen would spend the rest of his life. Continuing to publish the Epoch, Allen produced more than one book per year until his death in 1912. There he wrote for nine years, producing 19 works. Following his death in 1912, his wife continued publishing the magazine under the name The Epoch. Lily Allen summarized her husbands literary mission in the preface to one of his posthumously published manuscripts, Foundation Stones to Happiness and Success saying: He never wrote theories, or for the sake of writing; but he wrote when he had a message, and it became a message only when he had lived it out in his own life, and knew that it was good. Thus he wrote facts, which he had proven by practice.
