

## Attract All With Mantra Magic (Ancient Golden Secrets Book 1)

The Law Of Attraction as we know it today has been practiced since the beginning of time. Ancient Eastern Cultures have integrated this practice in their daily life as prayers, chanting, and religious rituals. Every action is meant to deepen the focus, belief, or faith towards acquiring ones goals in life. Mantra chanting is a repetitive exercise that forces the human psyche to visualize and channelize the minds energy to acquire ones wishes and desires. The accumulation of Mantra energy provides a powerful impetus for manifesting your desires into reality. Mantra meditation has been in existence since ancient times and has withstood the test of time very well. Indian Hindu scriptures are full of accounts that reveal conclusively that anyone can achieve what they want if they focus on their goals and chant the Mantras that accelerate the Laws of Universal Attraction.
