If anyone told me that the root cause of a crippling belief hidden away in my unconscious could be

uncovered and transformed in a short thirty-minute phone session with Dr. Laurie Moore, I would never have believed them. However, that is exactly what happened. I read dozens of books dealing with family psychology, spiritual transformation, and forgiveness in attempts to figure it all out. I've taken classes and attended seminars focused on self-healing and communication. I haven't been able to make teachings work in this situation. Just prior to my session with Dr. Laurie, I was at the end of my rope. She surprised me right away by skipping my whole sordid story. She asked me to identify my feelings about the breach with my son and his family. Dr. Laurie has the ability to create a very safe space for her clients. She calmly and gently encouraged me to locate the sadness, frustration, and hopelessness in my body. A cat taught me to tenderly approach disharmony in this way, Dr. Laurie explained. She then facilitated an experience in which I went from suffering to peace. What she said broke me wide open. She quietly asked if I could think of this space as being The Beloved. As she said the words The Beloved, a monumental shift occurred inside me. It felt miraculous. The cold endless blackness was instantly transformed into what felt like a warm, dark, velvet cocoon that was completely secure and totally loving. The animals taught me that all of life is The Beloved, Shirley, she said. Shirley Hart, author of *Life Inside Out* Laurie Moore has a unique approach to enlightenment that is extremely heart-felt, practical, and pleasantly mystical at the same time, which keeps the awe and mystery alive throughout her work. The compassion and stability with which she directs her knowledge and intuition is a testimony of the maturity of her realization of Love in her own life. If you feel a pull to read her work or be in her presence, I can wholeheartedly recommend you follow that instinct and rest assured that you will find healing, enlightenment, and harmony in your life, both within and without.
