

Sing and Shine On

Sing and Shine On! takes advantage of all that music has to offer, examining the what, how, and why of multicultural song leading in the classroom: Part 1: examines the power of singing from both cultural and physical perspectives. Part 2 is an in-depth explanation of how to teach songs and how to make songs as powerful as possible. Part 3 summarizes why singing and music are so important both in education and in life. Singing can charge the brain, increase children's learning potential, even stimulate the desire to learn. Sing and Shine On! shows you how.
